FINANCIAL PLANNING

☐ Update your personal spending plan using the "Spending Plan Worksheet". A good spending plan helps you manage your money, plan for your financial goals, and prepare for emergencies. Here are four tips financial experts suggest to help you get started.

Tip 1: Understand your current situation.

In this step, it's important to understand what's really going on with your money today. Start tracking all of your current cash inflows and outflows for the next 30 days to analyze where you are spending. Or calculate your past 30 days using credit card and bank account statements.

<u>Tip 2</u>: Know where your money should go.

Financial experts offer these general guidelines when budgeting your money:

- Save and/or invest 10 15% of pretax pay.
- Strive to keep transportation expenses including car payments, insurance, gas, and maintenance to 15 20% of pretax pay.
- Limit housing expenses, including mortgage or rent payment, taxes, utilities, maintenance, etc., to the Basic Allowance for Housing (BAH) or 25% of pretax pay.

Tip 3: Create a plan.

Build a plan for setting aside money and putting limits on how much you'll spend each month on various things.

Tip 4: Make adjustments.

Make sure to go back and update your budget as life changes.

Ш	Establish an emergency fund. Financial experts suggest you should keep at least three to six months of
	living expenses in reserve. If you do not have that much saved, consider setting aside a little money each
	paycheck to help get you there.

- ☐ Identify changes in pay, expenses and taxes from your current duty station to your next duty station.
 - Budgeting to live on one income is a great way to reduce financial related stress during PCS. The
 second income, once re-established, can be used for saving for goals and quality of life
 improvements. Using this strategy can reduce long term debt obligations when additional income is
 interrupted during a move.

- Potential changes to income could include an increase or decrease in: CONUS or OCONUS Cost of Living Adjustment (COLA), Basic Allowance for Housing (BAH), and spousal income due to job change.
 Visit www.defensetravel.dod.mil/site/allcalc.cfm to calculate expected changes to your pay.
- Potential changes to your expenses at your next duty station may include an increase or decrease in: housing, transportation, insurance, child care, food, fuel and utilities. It's important to establish a spending plan so you can identify and adjust to these changes.
- Note: Your tax liability could change depending on where you are relocated. Speak to a tax professional to discuss your specific situation.

	Notify your financial institutions and creditors of your upcoming move. Consider setting up automatic bill pay to avoid missed or late payments. Confirm all transactions have cleared your bank or credit union account if you plan to switch financial institutions at your next duty station.
	Check your credit report for free and resolve any errors. Visit https://annualcreditreport.com or speak to a financial counselor on your installation. Review the "Understanding Credit" handout for more information about credit reports, credit scores and tips on improving your credit.
	Set up auto payments and update your address at <u>usps.com</u> and with creditors.
	Develop a plan for managing and paying off your debt. Help is available at your Fleet and Family Support Center (FFSC or at www.powerpay.org .
	Analyze your housing and transportation needs and be sure to prepare your finances for any major purchases related to your PCS. Review the handouts "Major Purchases" and "5 Rules for Buying a House" for more information.

	PCS CONSIDERATIONS (After You Arrive)								
	Prepare for po	e for possible expenses once you arrive such as security deposits, lodging, child care, and vehicle ation costs.							
	Consider the pros and cons of changing state residency. The Military Spouses Residency Relief Act (MSRRA) gives the spouse of an active-duty service member the option not to change state residency when relocating to a new state due to a PCS. Changing may not be the best option for a spouse because it may impact state income tax, personal property taxes, car registration, and voter registration.								
	Under MSRRA, if your spouse plans to work in the new location and not change residency, they should fil their IRS Form W4 with their employer.

Remember that these cards are ONLY for official travel-related expenses and misuse of your GTCC can subject you to administrative or disciplinary action. You will be responsible to pay any overages on the GTCC that are not covered by reimbursement, so it is important to develop an estimated cost of what is reimbursable.								
Upon receipt of your orders, you may request an advance on pay and eligible allowances such as Basic Allowance for Housing (BAH), to help cover the extra expenses of relocation due to your PCS move. However, it is important to note that since this is an advance, it MUST BE REPAID over the next 12 months unless your unit commander authorizes a longer repayment term.
